Sat 6AM – 8PM
Sun 8AM – 7PM

Outdoor Pool (when open)

M-F Dawn – Dusk
Sat Dawn – Dusk
Sun Dawn – Dusk

FAQ

Aquatic & Fitness Center

Why did rates go up versus last year?

- This year, we have seen an all new Meadowbrook: new paint, landscaping, fencing, bulk head panels, lane ropes, backstroke flags, raindrop fountain. We also opened the fitness center earlier on Sundays.
- This fall, there will be more lane space available, later into the fall and earlier in the spring, as we've installed heaters for the outdoor pool
- Also, starting this fall you will be able to take as many fitness classes as you wish (pending space) at no additional fees. You will no longer have to bear the burden of fitness cards.

I do not take fitness classes; how does this benefit me?

- Say you have never taken a fitness class and you never intend to; you still have all of the benefits of the new and improved Meadowbrook, as well as the benefits of increased lane space, swimming outdoors longer, and longer hours in the fitness center.
- That said, if you ever want to try fitness classes, there is nothing extra you have to do. Simply show up.
- Fitness classes are great for motivation, for meeting new people, and for having a committed "time" that you can hold yourself to.

Why is the price different between "Winter Only" and "Year-Round"?

- Winter only is a 9 month membership and is relative to the benefits Meadowbrook provides from September – May.
- Year-Round includes the "summer season" which has the added benefits of more pools, beach, snack bar, playground, tennis courts and more.

Why would I choose one sign-up option over the other?

- It depends on your needs. Some will choose year-round for the benefit of even cash flows, for example, like paying your car insurance. Others like to pay the one-time fee up front, which breaks out to be a little bit of a savings over all (if you are joining during an early bird period).

How does the monthly charge work?

- You provide a credit or debit card and your card is charged monthly on the same date automatically. Renewal is easy, if you want to continue after 12 months, you do nothing! No more registering and signing waivers every 9 and 3 months!

How do I cancel my Year-Round membership?

- Cancellation must be made in writing 30 days prior to the agreement end date. This date is 12 months from the date you signed up. After the 1st 12 months, you can cancel at any time with 30 days written notice.
- Special circumstances will be taken into account, such as job relocation, or medical reasons. These items are described in detail on the registration form.

Can I upgrade my membership at a later date?

- If you are an individual "year-round" member and want to upgrade to family over the summer, you may purchase an "upgraded family membership" in the spring, which is the FULL summer family rate LESS the sum of 3 individual monthly payments (JUNE, JULY, AUGUST).

While the outdoor pool is open, will it be available for family recreation in addition to lap swimming?

- Yes. Family Membership holders [winter only & year-round] may use the outdoor "main" pool for recreation. This includes the beach and playground.

Will the Children's Pool be open?

- While the "main" outdoor pool will be heated and open, the "Children's Pool", located on the north end of the property, will be closed after the Labor Day weekend. The sand tot-lot will be available.
